MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Cases of Embezzlement or Fraud Involving
Finance Officers

1. In accordance with our recent conversation there are attached on separate pages resumes of the four cases of embezzlement or fraud involving Finance Officers that have occurred during the entire history of the Agency.

2. You will observe that we were able to obtain complete restitution from [REDACTED] and substantial restitution from the bonding companies in connection with the [REDACTED] case. At this time I do not know what the outcome of the [REDACTED] case will be but I suspect we will obtain substantial restitution from his estate. 25X1A

3. I believe it would be helpful to our thinking to obtain a listing of all other embezzlement and fraud cases that have occurred with respect to other than Finance Officers. Such a listing would have to be obtained from the IG. I have not asked Jack Earman for such a listing since you may think it more appropriate for you to obtain it. Please let me know your desires in this regard.
